

HIGHLAND PARK DAYCARE BUILDING

Mobile Modular created a solution for Highland Park Community Nursery School and Day Care Center that was time-sensitive and budget friendly.

THE CHALLENGE

Highland Park Community Nursery School and Day Care Center (HP Community) was in need of a building solution that was time-sensitive and budget-friendly. They chose modular construction due to time, budget, and finish requirements.

Customer Name: Highland Park Daycare

Project Location: Highland Park, IL

Building Type(s): Modular Classrooms

Job Type: Sale

Total Sq. Ft: 5,880 sq. ft.

THE SOLUTION

Our team provided a modular building with four classrooms (approximately 720 sq. ft each) with Jack & Jill bathrooms connected between each adjacent classroom.

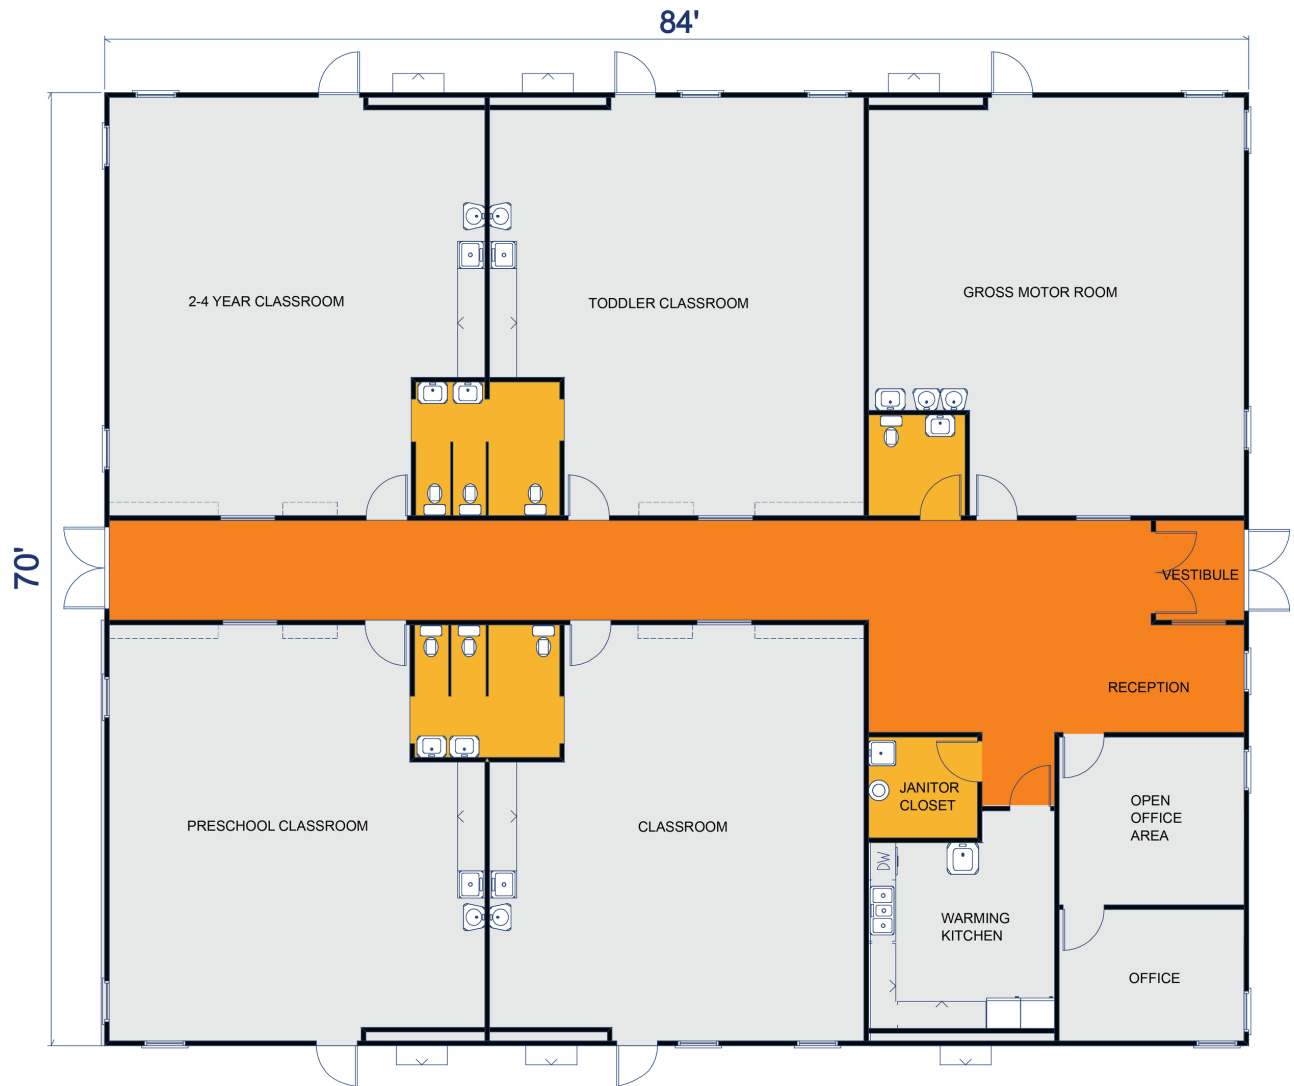

The building was constructed and installed to allow for future additions. The factory-built portions of the building were constructed to a 90% completion level, with finishes installed at the project site.
