

WHEN THE NFL CALLS, WE JUMP!

Mobile Modular Helps Build Pro-Player Training Complex

THE CHALLENGE

The Dallas-based football team came out of a challenging year and wanted to start training camp on the right foot. Mobile Modular got the go-ahead from the team on June 18, giving us a mere two weeks to set up 27 floors of a training complex! Usually, a project like this would take months to plan and execute.

THE SOLUTION

Our team worked round the clock to ensure everything would be up and running by the time the team arrived. Mobile Modular successfully prepared for practice on July 20th with rapid logistics and hard work.

Total delivered:

- One 72 x 40 modular to be used for training
- One 36 x 60 modular for equipment
- Five 24 x 60 office units for coaching staff and marketing team
- Three 12 x 60 modulares
- One 12 x 32 modular
- One 24 x 40 unit for NFL films
- One 12 x 60 unit for NFL films
