

PHOENIX HOUSE MODULAR DORMITORY

Discover how Mobile Modular delivered a custom dormitory for Phoenix House, Florida, overcoming challenges with a turnkey solution.

THE CHALLENGE

Phoenix House, a nonprofit addiction treatment center in Citra, Florida, urgently required additional dormitory space to accommodate the needs of its Citra Residential Program. The center provides individualized, holistic treatment for drug and alcohol addiction, offering both short-term and long-term recovery options. The challenge was to swiftly design, engineer, and construct a dormitory that would seamlessly integrate with Phoenix House's existing facilities while overcoming supply chain hurdles that threatened to delay delivery.

THE SOLUTION

Mobile Modular responded to Phoenix House's needs by providing a comprehensive Plus Add-Ons service, managing the entire project from design to furnishing, and delivering a customized, turnkey solution within the required timeframe, showcasing our commitment to delivering high-quality modular building solutions that meet clients' specific needs.
