Mobile Modular provides exceptional service with a special focus on regional distinctions.

Equipping Today’s Toughest Jobs with Flexible Space Solutions

The leader in modular relocatable classrooms since 1979, Mobile Modular delivers and supports the industry’s best portable learning spaces in major markets throughout North America. For schools in search of more cost-effective and reliable classroom and multi-purpose building options, our products offer an ideal balance of practical, aesthetic and logistic advantages.

Engineered for energy efficiency and weather resistance, relocatable buildings from Mobile Modular offer today’s best match of utility savings and long term durability.

Quality Support from Today’s Modular Building Leader
Relocatable Workspaces Made with Your Project in Mind.
Mobile Modular delivers the adaptable available building systems that keep today’s most challenging commercial projects on time and on budget.

Commercial projects place significant demands on available space and equipment, as well as the workforce whose productivity depends on them. But, we understand that a safe, serene, streamlined workflow and your building systems depend on each other. That’s why Mobile Modular is committed to making it happen. Every Mobile Modular building is planned, prefabricated, rollable and mobile – ready when you need it.

All of our mobile office trailers are designed to fit your specific needs – and work hard to ensure your continued satisfaction and peace of mind. Let us take care of all of your space needs.
